

Tanush Purwar

Cyber Security Analyst — Security Researcher — Offensive Security & Digital Forensics

Mumbai, India —  E-Mail: tanushpurwar@gmail.com — Ph. Number: +91 95552 63470
 Portfolio Website: sanskariwolf.com —  LinkedIn: linkedin.com/in/tanushpurwar —  Github: github.com/SanskariWolf

Professional Summary

Security Researcher and Captain of the Obsidian Howlers Capture The Flag (CTF) team, ranked 14th nationally in India. Specialized in offensive security, digital forensics, incident response, threat hunting, malware analysis and cloud security. Experienced in web/network penetration testing, packet analysis, and building automated security tooling in Rust and Python. Proven leadership in coordinating cybersecurity initiatives and securing applications. **Target roles:** Cyber Security Analyst, SOC Analyst, Digital Forensics Analyst, Penetration Tester.

Education

B.Tech in Computer Science & Engineering

Nov 2022 – June 2026

Maharaja Agrasen Institute of Technology, Delhi

CGPA: 7.9/10.0

Coursework: Cryptography, Network Security, Machine Learning, Compiler Design, Operating Systems.

Technical Skills

- **Penetration Testing:** Web/Network Penetration Testing, Vulnerability Assessment, OWASP Top 10, Binary Exploitation, Metasploit, Burp Suite, Nmap.
- **Digital Forensics:** Memory Analysis, Disk Imaging, Packet Analysis; Autopsy, Volatility 3, FTK Imager, Wireshark.
- **Security Operations:** SOC Operations, SIEM (ELK, Splunk), Docker Hardening, RBAC, Zero-Knowledge Encryption.
- **Programming:** Rust (Secure Development), Python (Exploit Scripting), C++, Bash, Scapy, Pwntools, Ghidra.
- **Infrastructure:** Linux Hardening, Kubernetes Security, AWS Security, CI/CD Pipeline Security, DevSecOps.

Experience

General Secretary & Lead Cybersecurity Coordinator

May 2024 – August 2025

BYTE Technical Society, MAIT Delhi

Delhi, India

- Directed cybersecurity initiatives for **500+** students and organized **15+** technical workshops on offensive security.
- Managed a **60+** member cross-functional team, securing sponsorships and increasing active membership by **75%**.
- Developed internal automation tools that improved operational efficiency by **40%** for society management.

Full-Stack Software Development Intern

June 2024 – August 2024

Indian Oil Corporation Limited (IOCL)

Rajkot, Gujarat

- Architected an enterprise pipeline management web app using **Angular 16**, **Node.js**, and **PostgreSQL** for 50+ users.
- Implemented real-time monitoring dashboards with **WebSockets** and **Chart.js**, reducing manual tracking overhead by **75%**.

Projects

ThothBox – Wireless Auditing Framework — *ESP32, Python, Scapy, Wireshark*

- Engineered a portable wireless auditing toolkit to test security protocols for **802.11 (Wi-Fi)**, **Bluetooth**, and **LoRaWAN**.
- Scripted automated handshake captures and Evil Twin attacks to demonstrate vulnerabilities in authentication mechanisms.
- Built a real-time packet filtering dashboard using **Python** and **Scapy** for live wireless threat classification.

SecureTaskManager – Hardened Management Platform — *Rust, Tauri, PostgreSQL, AES-256*

- Developed a cross-platform desktop suite ensuring data privacy via **Rust's** memory safety and client-side **AES-256** encryption.
- Integrated a secure authentication module with strong hashing and rate limiting to mitigate brute-force and credential stuffing.

Automated OSINT & Vulnerability Crawler — *Python, BeautifulSoup, CVE-Search*

- Designed an automated OSINT tool to scrape OEM interfaces and extract software version details from exposed portals.
- Mapped discovered versions against the **National Vulnerability Database (NVD)** to generate remediation reports.

Achievements & Rankings

CTF Leadership – Obsidian Howlers

- Team Captain; Achieved **Rank 13 in India** (222 Global) on CTFTime.
- **Google CTF 2025:** Global Rank 97 (Top 100).
- **NahamCon CTF 2025:** Rank 26.

Certifications

- **Certified in Cybersecurity (CC)** – ISC2 Expires: 2028
- **Certified Ethical Hacker (CEH) v12** – EC-Council Active
- **OSForensics Triage Certified (OSFTC)** – PassMark Software Expires: 2027
- **Junior Cybersecurity Analyst** – Cisco Networking Academy Sep 2025
- **Foundations of Cybersecurity** – Google Aug 2025
